# THE AGENDA

*Your update on the latest in lifestyle this month*

Why not start the month with the latest therapy from Reva? "Our 'Forever Young' treatment rejuvenates and tightens the skin, and is a must for brides-to-be," says senior consultant Dr Reema Arora. On the subject of facial aesthetics, Allergan now offers three services in India. The Juvéderm™ XC (a dermal filler), Botox®, and Juvéderm™ Voluma™ (a skin plumper). Beauty in order, head out for some retail therapy—at Amanté, their latest collection will add colour to your lingerie drawer, and Vero Moda's new Marquee collection has been designed by Bollywood director Karan Johar. Looking for festive gear? Head to Ahilaya in Mumbai, and pick from a stunning new vintage chikankari range. For accessories, go to Ramniklal & Sons—their Rasleela collection has something for everyone. And for the perfect finishing touch, opt for Frederique Constant's latest watch with Indian numerics on the dial. ■
